

# REACH/RoHS/POP Declaration

With regard to REACH compliance and other regulatory requirements of our products (both hazardous and non-hazardous substances), we would like to provide the following information on hazardous substances:

## REACH

Our products comply with Regulation (EC) No. 1907/2006 of 18.12.2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals, including the current SVHC list.

## RoHS III

The products do not contain any substances according to RoHS III (EU 2015/863).

## PFAS/POP

PFAS and POP are not included as formulation ingredients in our products. However, a possible entry within the entire value creation process cannot be ruled out.

Non-hazardous substances such as films, sealing tapes and adhesive tapes are not subject to the regulations for hazardous substances. This declaration is based on the currently valid regulations, safety data sheets (SDS) and supply chain communications. If there are any changes to our products or the list of eligible candidates, our customers will be informed accordingly.

## Liability Committee:

This document has been prepared on the basis of the information available from our suppliers at the time of publication and checked to the best of our knowledge and belief. The information refers exclusively to the recommended conditions of use. No liability is assumed for the validity of the information.
